ABOUT CSG LANDSCAPING

CSG Landscaping, a division of the CSG Group, combines over 30 years of landscaping expertise with the strength of a national services provider.

Following the acquisition of FSG by CSG Holdings in 2025, the business continues a legacy built on quality, reliability, and long-standing client relationships – now supported by the scale and infrastructure of the CSG Group.

While the name has evolved, the focus remains the same: **delivering trusted, high-quality landscaping services shaped around each client's needs.**

LEADERSHIP

With over 25 years in the landscaping industry, including 10 years at FSG, Carl brings deep operational knowledge and hands-on leadership to CSG Landscaping.

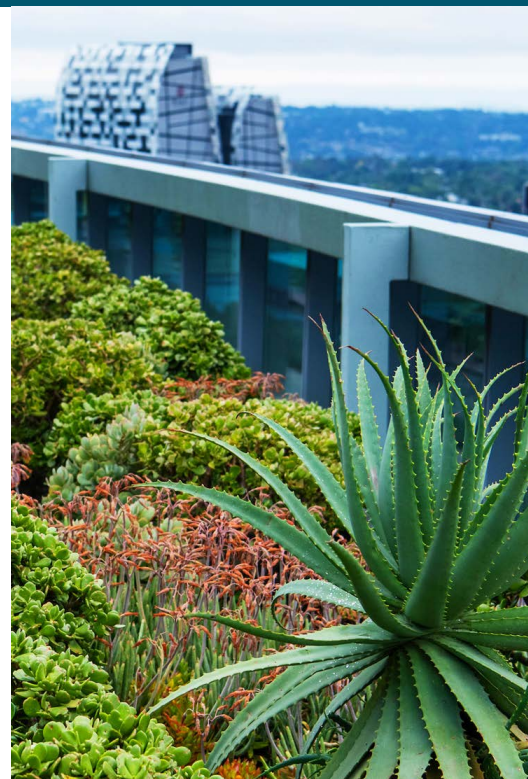

"While we've grown as part of the CSG Group, our commitment hasn't changed – we continue to deliver personalised, award-winning landscaping services our clients can rely on." – Carl Kruger, Director

WHAT WE DO

CSG Landscaping delivers fully integrated commercial landscaping solutions, designed for performance, consistency, and scale. Our commercial services include:

- Landscaping
- Hardscaping
- Garden Maintenance
- Sports Fields & Courts
- Irrigation Systems
- Office Plants
- Pest Control

From office parks and estates to retail and specialised environments, we deliver solutions that are practical, reliable, and built to last.

IN-HOUSE NURSERY ADVANTAGE

CSG Landscaping's in-house nursery gives us full control over plant quality, availability, and consistency – ensuring better outcomes across every landscaping and office plant project.

What this means for our clients:

- Consistent, high-quality plant supply
- Improved project turnaround times
- Greater flexibility and reliability
- Landscapes that perform long-term

WHY CSG LANDSCAPING

- 30+ years of industry experience
- Trusted Level 1 B-BBEE partner
- National footprint through the CSG Group
- Award-winning service delivery
- End-to-end commercial landscaping solutions
- Experienced, hands-on leadership

OUR APPROACH

We take a practical, partnership-driven approach to landscaping, from design through to ongoing maintenance.

- Understand your site and operational requirements
- Design solutions built for long-term performance
- Deliver with consistency and attention to detail
- Maintain environments to the highest standard

We don't just maintain landscapes – we create spaces that enhance your environment and support your business.

CSG Landscaping is positioned to support both single-site and national portfolios with landscaping solutions that are reliable, scalable, and shaped around you.
